Board of Governors Endorses School of Native Studies

Tuition fees and quotas were two of the key items dealt with at the April meeting of the Board of Governors (see *Folio*, 19 April). The lengthy agenda included numerous other items, however; highlights follow.

School of Native Studies

Recommendations from both the Finance and Educational Affairs Committees regarding the establishment of a School of Native Studies were approved by the Governors. The idea of a Native Studies Program at the University was initiated several years ago, and the proposal brought to the Board is the result of work done by the long-standing GFC Committee on Native Studies.

In essence, the proposed School will provide for increased accessibility to the University and its programs by native students by offering a unique system of student services which will address the particular needs of these students. In addition, it will be a major academic unit, consolidating

and expanding the University's resources, research, and education in Native Studies.

The total operating costs of the program during its initial five-year period are estimated to be \$6.9 million. The establishment of the School is subject to the provision of special funding by the provincial government for the initial five-year period.

Also approved by the Board were amendments to existing University agreements with St. Joseph's College and St. Stephen's College, as well as a Finance Committee proposal for changes to Pembina Hall Board Rates.

Appointments and Reappointments

The report of the Board Educational Affairs Committee included for information the appointment of five Department Chairmen and the reappointment of six. Except as noted, the appointments are effective 1 July 1984 and are for a five-year period.

- J.A. Beck, Forest Science, Faculty of Agriculture and Forestry;
- R.L. Busch, Slavic and East European Studies, Faculty of Arts, effective 1 July, 1985 (reappointment);
- G.L. Cumming, Physics, Faculty of Science;
- W.B. McGill, Soil Science, Faculty of Agriculture and Forestry, (reappointment);
- B.K. Mitchell, Entomology, Faculty of Agriculture and Forestry;
- D. Nash, Genetics, Faculty of Science, for a four-year period;
- A.N.B. Nedd, Organizational Analysis, Faculty of Business, for a two-year period (reappointment);
- F.D. Otto, Chemical Engineering,

Faculty of Engineering, for a three-year period (reappointment);

- R.E. Peter, Zoology, Faculty of Science;
- R.A. Stangeland, Music, Faculty of Arts (reappointment);
- D.W.S. Westlake, Microbiology, Faculty of Science (reappointment).

Building Committee

A number of information items were brought to the Board's attention by Jack Kennedy, Chairman of the Board Building Committee, including the appointment of Woolfenden Group Architects Ltd. as the Prime Consultant for the \$30 million Heritage Medical Research Building. Governors were asked to approve a proposal for the amendment of the Universities Act with respect to parking regulations and to approve the naming of the Stollery Executive Development Centre. The meeting and development centre is named in honor of Robert and Shirley Stollery who donated \$225,000 to the Faculty of Business.

The Board also received for information the 1982-83 Energy Conservation and Management Report which indicates an actual energy reduction of 27.4 percent.

Other Matters

In presenting his regular report to the Board, Dr. Horowitz outlined his recent trip to Japan. He also announced that, as hoped, the government has provided funds necessary to renovate the Earth Sciences Building.

Other reports followed the President's and best wishes and a vote of appreciation extended to Robert Greenhill, Wes Sawatsky, and Rich-

ard Jehn, retiring student representatives on the Board.

The lengthy Board meeting concluded with a presentation by Allan Holender, Director of Fund Development, who sharpened for the Governors "Development in the '80s," a "dynamic and aggressive program for the establishment and implementation of an institutional development program" for the University. During his presentation, Mr. Holender indicated that the 75th Anniversary Appeal has raised in excess of \$23 million (eligible for provincial matching grants). He paid tribute to Eric Geddes, retiring Chairman of the Appeal.

Following adjournment of the meeting, the Board reconvened for lunch and a special Status Report on the Faculty of Arts presented by Dean White. □

Faculty Study Space in Cameron and Rutherford Libraries

A review of the allocation procedure for faculty study space by the GFC Library Committee has resulted in a change in the allocation process to be implemented as study space becomes available, but no later than 31 August. All current study space users and those on the waiting list have been notified. A copy of the new procedure and a sample application is available from the Chief Librarian's Office, 5-02 Cameron Library, or the Office of Department Chairs. The deadline for applications for 1984-85 is 15 May. □

This Week's Quote

"We seem to be getting caught up in an area in which physicians find themselves most incapable and that is legalistic representations...we are getting to the point where we are writing letters amongst ourselves."

Source: T.A. McPherson, Assistant Dean (Scientific Affairs) of Medicine, at a recent meeting of the Executive Committee of General Faculties Council. □

Arts Awarded Four McCallas

Come September, four more members of the University's academic community will be able to apply themselves with uninterrupted concentration to selected research projects. James DeFelice, Drama; John Orrell and Ed Rose, English; and Nico Stehr, Sociology, are among the 1984-85 recipients of McCalla Research Professorships. As such, they are released from normal teaching and administrative duties for a nine-month term and so can concentrate on research.

James DeFelice

The relationship between Canadian literature and Canadian film will be the focus of study for James DeFelice during his McCalla. To date, no serious research has been undertaken in this area, and Professor DeFelice submits that a study of the evolution from literature to film could "reveal much concerning the differences between the sources in literature and the completed film."

Included in the many Canadian books/films to be analyzed by DeFelice are *Who Has Seen the Wind*, *Wedding in White*, *Why Shoot the Teacher* and *Surfacing*. A study

of the adaptation of these and other books to films may well reveal patterns which "will be important to the drawing of conclusions concerning the nature of film and literature in general and about the nature of what is unique concerning Canadian film and literature in particular."

A graduate of Northeastern University (Boston) and Tufts University (Medford), Professor DeFelice came to this University in 1969. Well-known in Canada and the United States for his understanding of literature, his experience in adapting Canadian literature to film and his research background in film criticism, he has written, directed and produced a variety of stage plays, radio plays and screenplays.

Honors awarded Professor DeFelice include an Alberta Achievement Award in Theatre Arts (1978), and the Outstanding Alumni Award, Northeastern University (1978). His adaptation for film of Max Braithwaite's *Why Shoot the Teacher* was honored with an "Etrog" for best screenplay in 1977 at the Canadian Film Awards.

Edward Rose

For Ed Rose, Professor of English, a McCalla Professorship will afford him time to concentrate on a major book on William Blake. Believing that Blake criticism includes "only easy and superficial comments on Biblical prophecy," Dr. Rose intends that his book, *Blake, Paul, and Biblical Prophecy* will "fill a huge gap in the serious study of Blake's work" by establishing "clearly and in great detail that Blake is very much dependent on Paul's epistles."

A prolific scholar whose association with this University began in 1958, Dr. Rose is regarded as one of the country's most able Blake scholars. His expertise is not limited to Blake, however; late 18th century literature, romanticism, American literature, comparative literature and interdisciplinary studies have all received his expert attention.

Chairman of the Department of English from 1971 to 1976, Dr. Rose has been an active member of many University committees, at the

departmental, Faculty, and University level. He has received grants and fellowships from the Canada Council, the Ford Foundation and the American Council of Learned Societies.

Nico Stehr

According to Nico Stehr, Professor of Sociology, his research project, "Toward a Critique of Social Science," involves the completion of a book-length manuscript in the area of the philosophy of the social sciences. "It is, in the Kantian sense, an inquiry into the conditions for the possibility of social science," states Dr. Stehr in his McCalla proposal. In contrast to most tradition studies in the area, however, the essential aim of his project is "to show some of the ways in which a philosophy of the social sciences can effectively address the moral and the sociological, as well as the tradition epistemological dilemmas of social science, thereby fusing together into a more total perspective issues which have hitherto been studies in isolation from each other."

Dr. Stehr, whose educational background includes economics, sociology, law, social policy, and fiscal theory and policy, came to this

University after obtaining his doctorate in sociology from the University of Oregon in 1970. His professional activities have involved him in conferences around the globe; his membership in learned societies includes the American Sociological Association, the Society for the Social Study of Science, the Pacific Sociological Association, and the Philosophy of Science Association; and his publications include numerous books, papers, articles, and book reviews.

John Orrell

The fourth McCalla in the Faculty of Arts goes to John Orrell, Professor of English, who intends to spend his McCalla time writing *The Theatre of Man*, a book on renaissance theory and practice of theatre design in Italy and England. Research will be carried out in London, in particular at the Courtauld Institute, the Victoria and Alberta Museum Library, and the British Library.

Dr. Orrell is one of two University of Alberta faculty to be inducted into the Royal Society of Canada 27 May. More information on Dr. Orrell's academic achievements will appear next week. □

You Can Make Book on University's Participation in Provincial Festival

Four campus publishers will be displaying their wares at the first Alberta Book Festival, to be held at the Edmonton Convention Centre 6 May.

Longspoon Press, the Canadian Institute of Ukrainian Studies, Publication Services of the Faculty of Education, and the University of Alberta Press will have booths at the event that will wind up Edmonton's participation in the National Book Festival.

The Book Fair will feature displays by Edmonton's independent booksellers as well as its publishers,

and its writers' organizations will also be well represented. Canadian and Alberta writers (Monica Hughes, Peggy Holmes, Sharon Thesen, William Kinsella, and others) will be available to autograph books and give readings.

A highlight will be the Blue Pencil Café, where aspiring writers may show up to three pages of a work to an established author who will give free advice.

Children will be entertained by Brandywine and the children's theatre group Boite à Popico. Anne Anderson of Cree Productions will be telling

stories and Allan Shute of Tree Frog Press will conduct a "make a book on the spot" workshop.

In the evening, Readers' Theatre, directed by Walter Kaasa, will present "Canadian Poetry through the Years."

Financial assistance has been given by Alberta Culture, the Canada Council, and the City of Edmonton.

Admission is free and the doors will open at 11 a.m. Culture Minister Mary LeMessurier will cut the typewriter ribbon to formally open the proceedings at noon and the fun will then go on until 8 p.m.

There will be refreshments, door prizes, films about Canadian writers, and hundreds of books on display. □

Varied Program Awaits Participants in WISEST, UAYs Conference

A good number of people will be "in conference" 11 to 13 May. The "Alberta Conference on Women in Science, Engineering and Technology" has, as of late last week, attracted 191 paid registrants. Another 68 have indicated that they will attend.

A few more "i's" and "t's" have to be dotted and crossed, respectively, but the program is basically set. Following last minute registration in the Central Academic Building concourse, Vice-President (Research) J.G. Kaplan will open the conference in Physics 1-26 at 9 a.m., 11 May.

Janet Ferguson, Ministry of State for Science and Technology, will then deliver an address entitled "The Wheel Keeps Turning." The remainder of the morning will be taken up by a panel discussion (topic: "Why Science is Exciting"), a minisymposium with research papers on "Designer Genes and Disease Prediction" (M.A. Jaworski, physician); "To Type or Not to Type: Cancer and the Immune System" (F. Pazderka, clinical immunologist); and "Cancer and the Immune System" (L. Pilarski, immunologist).

The workshop "Professionalism with a Touch of Class" (leader: L.M. Browne), and a Careers Fair boasting some 26 booths will also contribute to the proceedings. The booths will be open between 10:30 a.m. and 5 p.m.

Rose Sheinin, Department of Microbiology, University of Toronto, is the luncheon (Lister Hall) speaker. Her topic is "Steps to a Scientific Career."

At 2 p.m., D. Cullen will coordinate a panel discussion on "Everything you wanted to know but did not know who to ask," a forum for high school students. The second workshop of the

day, "Sexuality in the Workplace," will be lead by A.M. Decore.

One of the panelists for "Strategies for Encouraging Girls into Science and Technology" will be B. Smail of Manchester Polytechnic, England.

Speakers for a minisymposium on engineering are Barbara Howes, Reservoir Engineer, Amoco Canada; Eva Knettig, Civil Engineer; and Fumiko Suzuki, Research Specialist, ESSO Resources.

A minisymposium on Physics and Chemistry and three other workshops, including one on "Personal Psychology of Success" with leader Jean Pettifor, Government of Alberta, will conclude the first day's activities.

Anna Harrison, President of the American Association for the Advancement of Science, will open 12 May's plenary session with a talk on "Science, Scientists and Society" (9 a.m., Physics 1-26). As on opening day, various discussions, workshops and minisymposia will be held in CAB and V-Wing. Among the faculty of our University who are taking an active part are Ursula Maydell, computer scientist; Ellie Prepas, limnologist; L. Reha-Krantz, geneticist; and S. Bertram, Library Science.

Morning workshops (10:30 a.m.) will be based on "Personal Psychology of Success" and "Applying for a Job in Industry;" afternoon workshops (2 p.m.) will be on "Patents," "Unwritten Rules for Winning," and "Strategies and Choices in Academic Training," and (3:40 p.m.) "Sexuality in the Workplace" and "Strategies and Choices in Academic Training."

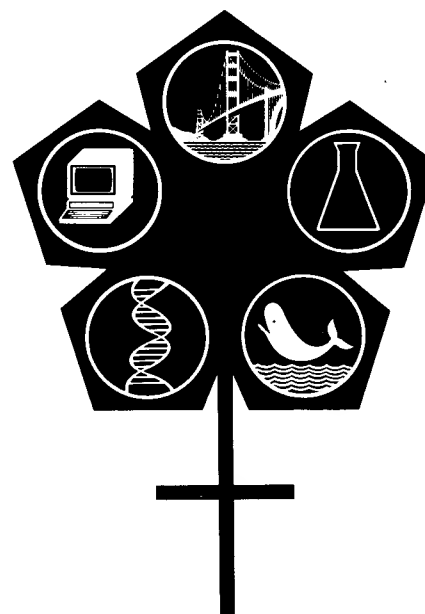

The 1 p.m. plenary session will feature an address by Pat Cooper of the Canadian Advisory Council on the Status of Women.

First Alberta Conference on Student Services Runs 2 to 4 May

Alberta's student services units are currently being called upon for more intensive and increased services in a time of budget and staffing restraints. Through this first provincial conference of its kind, college and university staff and students will look at the practical needs and philosophical bases behind these services.

A keynote address by Desmond Berghofer, Assistant Deputy Minister of Alberta Advanced Education, and a

panel discussion with university vice-presidents will set the tone. Various concurrent sessions and a workshop will then address requirements of special student groups (mature, disabled, native, international) and students generally. Areas such as financial aid, career counselling, learning assistance, and orientation for the new student will also be covered. To enquire about the conference, telephone Marion Nicely, 432-4145. □

A "6 for 6:30 (p.m.)" barbecue is set for Lister Hall.

Author and journalist Heather Menzies will speak at the plenary session Sunday, 13 May, at 9 a.m. (Physics 1-26). Maude Barlow, Senior Advisor on Women, Prime Minister's Office, will be the closing speaker at 12:45 p.m. in Lister Hall. A minisymposium on Human Biology and five workshops (four are repeats, the new one is entitled "Research Grants: Preparation and Evaluation") will take place between these two times.

All minisymposia (Immunology, Engineering, Physics and Chemistry, Math and Computing Science, Biotechnology, Paleobiology, and Human Biology) interspersed throughout the conference are open to

anyone having a basic interest in the particular discipline(s).

Hosts of the conference are WISEST, a University of Alberta Task Force on Women in Scholarship Engineering, Science and Technology, and the UAYs, the University of Alberta Women in Science and Engineering. Conference sponsors are the British Council, Esso Resources, the Secretary of State, Alberta Advanced Education, the Alberta Department of Education, and our University's Community/Special Projects Fund, Academic Women's Association, and Office of the Vice-President (Research).

Additional details on the conference may be obtained from Margaret-Ann Armour, Department of Chemistry, 432-5566. □

(Green) Thumbs Up

The University of Alberta Devonian Botanic Garden's 25th season begins 1 May.

The Garden, located on Highway 60, approximately 4.8 kilometres north of Devon, has one of the largest collection of herbacious perennials in North America. Over the years it has grown from 80 to 190 acres, and has added a number of specialized gardens.

The Garden's hours are 10 a.m. to 4 p.m. weekdays, and 12 noon to 6 p.m. weekends and holidays. Visitors are welcome and there is no admission charge. □

All information to be included in this column must reach the Office of Community Relations by 9 a.m. the Thursday prior to publication.

Coming Events

Lectures and Seminars

Medicine

26 April, 4 p.m. David Thompson, Department of Oral Biology, University of Connecticut Health Center, "Age, Sex and Population Differences in Osteon Remodeling." 10-115 Clinical Sciences Building.

27 April, 8 a.m. J.B. Dossetor, "Kidney Transplantation: New Perspectives." 2-115 Clinical Sciences Building.

30 April, 8 a.m. K.L. Bowes, "Clinical Pathologic Conference." 2-115 Clinical Sciences Building

1 May, noon. Evan Greener, Department of Biological Materials, Northwestern University, Chicago, "Recent Developments in Metals and Polymers for Biological Applications." 4069 Dentistry/Pharmacy Centre.

2 May, 4 p.m. T.G. Krontiris, Tufts University School of Medicine, Boston, "Hemologous Families of Restriction Fragment Length Polymorphisms Strategy for Rapid Genotype Determination." Auditorium, Cross Cancer Institute.

Speech Pathology and Audiology

26 April, 4 p.m. Rosalee C. Shenker, Department of Speech Pathology, Sir Mortimer B. Davis Jewish General Hospital, Montreal, "Effects of Linguistic Demands on Stuttering in Pre-school Children." 450 Garneau Professional Centre.

Alberta Heritage Foundation for Medical Research

26 April, 4 p.m. J. Clive Ellory, Physiological Laboratory, University of Cambridge, "Red-Cell

Amino Acid Transport." 2-27 Medical Sciences Building.

26 April, 4 p.m. Peter Owen, Department of Microbiology, Trinity College, Dublin, Ireland, "Electroimmunochemical Analysis of Membrane Proteins." Hosted by the Department of Biochemistry. 2-31 Medical Sciences Building.

27 April, 10 a.m. Harinder S. Sandhu, Clinical Instructor in Periodontics, Loma Linda University, "'Coupling' as a Bone Volume Regulatory Phenomenon." Sponsored by the Department of Applied Sciences in Medicine. 10-115 Clinical Sciences Building.

Economics

27 April, 3 p.m. David Nickerson, Duke University and University of British Columbia, "A Theorem on Policy Neutrality." 8-22 Tory Building.

Canadian Institute of Ukrainian Studies

1 May, 3:30 p.m. Wladyslaw A. Serczyk, Jagiellonian University, Cracow, Poland, "The Consciousness of the Peasant in Eighteenth-Century Ukraine." (In Polish). 352C Athabasca Hall.

8 May, 3:30 p.m. Marko Pavlyshyn, Monash University, Clayton, Victoria, Australia, "Aspects of Ukrainian Literature in Australia." 352C Athabasca Hall.

Music

Department of Music

All events take place in Convocation Hall.

27 April, 8 p.m. The University of Alberta Concert Choir Gala Banquet Concert—Leonard Ratzlaff, conductor.

Radio and Television

Television

Programs broadcast on ETV Q-9 and C-13.

2 May, 8 p.m. Images of Alberta hosted by Kanhaya Gupta. Guest: Allan Warrack.

Theatre

SUB Theatre

27 April, 7:30 p.m. The Alberta Handicapped Communications Society presents the third annual Easter Variety Show. For more information, call 426-6665.

28 April, 7 p.m. The Young Canadian Artists' Association presents Gurdas Mann. For more information, call J. Thillon at 487-5940.

29 April, 9 a.m. to 9 p.m. The Community Dance Program is holding a Dance Festival. For more information, call Gwen Swain at 481-1924.

Deferred from Previous Meeting

11. GFC Computing Committee: Annual Report 1983
- New Business
12. Establishment of a Children's Research Centre: Proposal and PPC Recommendation
13. Quota in Second-year Computing Science Programs: Recommendation from PPC
14. Examinations: Proposal to Abolish Supplementals
15. Admission Requirements: Recommendation from the Committee on Admissions and Transfer (CAT)
16. Distribution of Executive Committee Minutes to GFC Members: Proposal from the Secretary
17. Other Business

For information concerning this agenda, or any items which may have been added to it at the GFC Executive Committee meeting of 16 April, members of the University community may telephone the Secretary to GFC, 432-5430.

Bruce Peel Special Collections Library

The Bruce Peel Special Collections Library will begin moving to its newly renovated quarters in the

basement of Rutherford South on Monday, 30 April. It will be necessary for the Library to be closed for a period while the move is taking place. The hours of service until the move is completed will be as follows:

30 April to 11 May, closed
14 May to 1 June, 1 to 4:30 p.m. Monday to Friday
4 June, commencement of regular hours, i.e. 8:30 a.m. to 4:30 p.m. Monday to Friday.

Bookstore Pares Hours

On 16 April, the Bookstore reduced its hours of operation to 9 a.m. to 5 p.m. Monday through Friday.

Commencing 1 May, the Bookstore's summer hours will be 8.30 a.m. to 4:30 p.m. Monday through Friday.

GSA Offers Freebies

The Graduate Students' Association is now offering free social memberships to the Power Plant Restaurant and Lounge to *all University of Alberta staff* for the period 1 May 1984 to 30 August 1984. For further information, telephone the GSA Office at 432-2175.

Disposing of Equipment

All departments recently received a memo from Vice-President R.E. Phillips in which he pointed out the necessity of maintaining a "clean inventory of equipment," that is, equipment that is obsolete, not in use, redundant, cannot be repaired, or is not worth repairing must not be included in the equipment inventory. Some departments might want to retain such equipment for parts, but others will want to dispose of it. If such equipment is turned over to the Electronics Division of the Department of Technical Services, there is a possibility that the unit or part of it might be useful for parts or even put into working order that will be useful to others. Therefore, anyone considering disposing of equipment is encouraged to contact either W. Diachuk or B. Acheson in the Electronics Division, telephone 432-4901.

Surplus Equipment

The equipment appearing in this column is available only to University Departments with University Administered Funds. For further information about the purchase of equipment or the disposal of any of your department's surplus equipment, contact Roslyn Hanchard or Roy Bennett, telephone 432-3208.

For Sale: 1 Low Temptrol 154 by Precision Scientific Circulating Waterbath
1 B.B.L. Filamatic Automatic Dispenser
For further information, telephone S. Ujvarosy, 432-3634.

Positions Vacant

The University of Alberta is an equal opportunity employer but, in accordance with Canadian Immigration requirements, these advertisements are directed to Canadian citizens and permanent residents.

Head, Faculté Saint-Jean Library (Search Reopened)

The University of Alberta Library invites applications for the position of Head, Faculté Saint-Jean Library. Qualifications required include

a degree in library science, and significant administrative experience. Written and oral proficiency in both French and English is essential.

The incumbent is responsible for operation and development of the Faculté Saint-Jean Library with particular responsibility for planning, policy formulation, budget preparation and control, and staff deployment. Oversight of the collection development process and liaison with teaching departments is also involved. By 1 September 1984 it is expected that the incumbent will supervise 2 professional staff, 3 support staff, and 2 student helpers.

The position is classified at the Librarian 4 level, with a salary range of \$37,420 to \$47,304 (1984-85). The date of appointment is 1 July 1984. Applicants should send curriculum vitae, transcripts of academic record, and the names of three references to Peter Freeman, Chief Librarian, University of Alberta, Edmonton, Alberta T6G 2J8. Closing date is 11 May 1984.

Non-Academic Positions

To obtain further information on the following positions, please contact Personnel Services and Staff Relations, 2-40 Assiniboia Hall, telephone 432-5201. As positions are filled on an on-going basis, these vacancies cannot be guaranteed beyond 18 April 1984. For a more up-to-date listing, please consult the weekly Employment Opportunities Bulletin and/or the postings in PSSR.
